First Aid to be Featured in Program Here

Rescue Squad to Sponsor Public Demonstration Monday, Feb. 12

A public demonstration of the various phases of rescue and life-saving work on the program of the Antioch rescue squad, which is associated with the Antioch fire department, will be presented in the high school gymnasium Monday evening, Feb. 12.

Waukegan and Kenosha Red Cross officials have been invited to attend. It is expected that there will also be many visitors from other communities. There is no admission charge for the program, which is being offered as a Red Cross public educational feature.

The Kenosha County Red Cross rescue squad, which has given aid on many occasions when accidents or drownings occurred in the lakes area, has graciously consented to lend its services for the evening and will be featured in the demonstrations.

The Kenosha men will bring their truck with them, and it will be brought into the gymnasium for display.

Gateway to Speak

A brief history of the Kenosha Red Cross work and its part in the formation and instruction of the Antioch Rescue squad will be given by Captain Howard Gately, Kenosha County Red Cross and Boy Scout executive.

A rescue squad demonstration will be conducted by Gately, with the assistance of Red Cross Instructor, Lieutenant Arthur LaCrosse of the Kenosha fire department, and members of the Antioch rescue squad and the Antioch fire department.

The program will open at 8 o'clock with selections by the Antioch High School orchestra under the direction of Hans von Holwede.

Introductions under the charge of John L. Horan, publicity director for the Antioch fire department, will follow.

President George B. Bartlett will give an address of appreciation on behalf of the Antioch village board.

A brief history of the Antioch Fire department and rescue squad is to be presented by Chief James Stearns.

To Present Cards

The presentation of cards of recognition and a first aid kit are to come next, under the charge of Mayor Bartlett, with L. D. Powles, captain of the Antioch Rescue squad; Herman Holbeck, lieutenant, and Herman Rosing, assistant fire chief, taking part.

Captain Gately's talk and the first aid demonstration will climax the talk. A complete program of the order of events for the evening will be found on another page of this issue.

PLANS FOR FARM DAY GAINING IN INTEREST

Much interest is being shown in the coming Farm Meet planned for March 6, at the Antioch Township High school.

Up to date several hybrid seed corn companies and implement and fertilizer dealers have signified their intention of having exhibits and participating to make the day at gala event of the winter season.

Prof. J. C. Hackelman, veteran crop extension specialist of the University of Illinois will be the headline speaker of the day. Those who know Prof. Hackelman know they are in for a rare treat.

C. L. Kutil, general chairman of the event, wishes to urge all farmers to enter the shelled corn show. Several fine premiums have already been set aside for the show and more are expected. Each farmer is asked to bring a peck (14 lbs.) of shelled corn either hybrid or an open pollinated variety. It will be judged according to market standards, test weight and quality, and not for seed purposes.

Business firms who wish exhibit space are asked to get in touch with C. L. Kutil at the High school.

Panda Journey Adventurer To Give Lecture

Rey Scott, Newsreel Cameraman, Will Speak Here Mar. 4

Rey Scott, member of the expedition that brought back Mei-lan, "the last panda to leave China," will be heard here Monday evening, March 4, in the annual public lecture sponsored by the Antioch Business and Professional Women's club.

Scott, a well known China war correspondent and newsreel cameraman, will relate how he procured the panda 1,400 miles in the interior of China for the Chicago Daily News, and personally transported it by airplane, ship and train to the Chicago Zoo.

Scenes of the Chinese warfare taken by Scott during the course of his trip, as well as pictures of the panda, will be shown by him in connection with his lecture.

Has Color Pictures

They include color pictures of Gen. Chiang Kai-shek and Mme. Chiang Kai-shek, pictures of the Miao tribespeople who live back in the hill regions, of the bombardment of Nanking and the burning of Canton.

Among the organizations before whom Scott has spoken is the University of Hawaii Quill club, of Honolulu, which stated, "Many who saw Rey Scott's pictures said they were the best they had seen on the war in China. His experiences and eye-witness accounts held his audience's profound interest throughout two evenings."

The Adventurers' club, Chicago, commented, "Rey Scott had a thoroughly interested audience, for our members have been places and done things—and some of them know China like a book. These particular men were loudest in their praise and appreciation of Mr. Scott's pictures and instructive talk."

Tickets for the Antioch lecture may be secured in advance from Business and Professional Women's club members, or at the box office on the evening of the talk.

Publications for which Scott has acted as correspondent include the Chicago Daily News, Life, the New York Times, the New York Mirror, the London Daily Telegraph and the London Tatler.

Services Are Held for Well Known Farmer, Aged 76

Charles Wilton, 76, for more than 40 years a resident of Salem township, was laid away to rest in Hillside cemetery Monday afternoon, following services held in the Antioch Methodist church at 5 o'clock. The Rev. W. C. Hensle officiated.

Wilton, whose death at his home Thursday followed an illness of several months, was born at Fox Lake Oct. 15, 1863. He was the son of the late Edwin and Eliza Wilton, who were among the very early settlers of this region.

Survivors include a son, Robert, of Salem township; a daughter, Mrs. Eva Turnock of Salem; two sisters, Mrs. Addie Zimmerman and Mrs. Blanche Kiefer, both of Antioch, and five grandchildren, Anna Mae, Ruth and John Turnock, Salem; Donald and Charles Wilton, and a foster grandson, William Lake, who has made his home with the Wilton family in Salem township since he was three years old.

He is also survived by a number of nieces and nephews in Antioch, Libertyville, Waukegan and Kenosha, and in Nebraska.

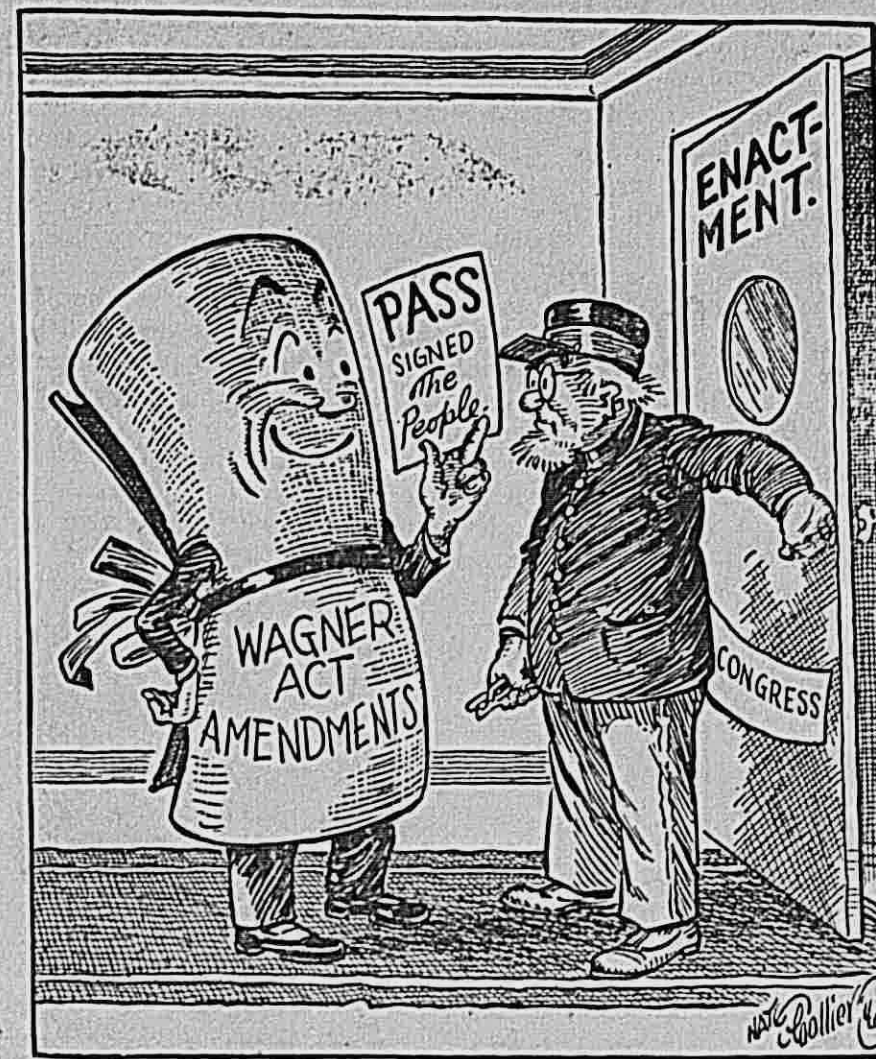

His wife, Frances, preceded him in death, in 1915.

A sister, Mrs. Cora Gerred of Waukegan, died only a month ago.

Finnish Relief Gifts Total \$125; Not All in

Finnish relief donations from Antioch now total about \$125, Mayor George B. Bartlett, local chairman, announced this morning.

This does not include proceeds from the Antioch-Winneconne basketball game held Friday as a benefit for the fund. A complete report on proceeds of the game has not as yet been made, pending a final check-up, Bartlett states.

In addition to previously announced gifts to the fund are the sum of \$5.00 from Walter I. Scott, and \$5.00 from "A Friend," who desires to remain anonymous.

Antioch Drubs Warren, 28-17

Hebron Will Be Guest of Sequoits Saturday Evening

(By Scoop)

Playing like real champions the fighting Sequoits of Antioch High school overpowered the Warren Blue Devils on their own floor 28-17 last Tuesday night.

Trailing by 3 points at the half the Sequoits returned to the floor a team inspired. Without further ado Jim Harvey proceeded to get hot and dropped in three sensational one-handed shots. Then the rest of the team hit their stride and chalked up 8 more points while holding Warren to 4 points. The final quarter featured Antioch keeping possession of the ball and allowing Warren to score only one point from the free throw line, while they scored 5 points to completely overwhelm their old rivals.

In the preliminary game the Warren lightweights were given a sound spanking by the Antioch Bantams to the tune of 25-17. Barnstable was high scorer for Antioch with 11 points, closely followed by Buchta who made 5 free tosses and 2 goals for a total of 9 points.

Hebron Here Saturday

Saturday night one of the best teams in the state of Illinois will come to Antioch to play the Sequoits. Hebron is the team. They have won seventeen straight games this season, defeating such teams as Crystal Lake and any one else who will play them. There will be two games, the first one starting promptly at 7:30 o'clock.

Many Shoppers Visit Antioch on Dollar Days

Stores Are Well Patronized During the Two-Day Sale

The enterprise and co-operation displayed by Antioch merchants in the staging of the "Dollar Days" campaign held Friday and Saturday helped to draw many visitors to the town during the two days.

On Saturday, particularly, the main business district showed lengthy lines of cars parked along the curb while shoppers visited the various stores.

Some of the business establishments went so far as to compare the Dollar Days throngs to the rush of summer trade. Favorable comments on the week-end's volume of business were made by many others.

Dull Elsewhere

Attention was also drawn to the fact that this business was secured during a week-end which, in numerous other cities, was characterized as "extremely dull."

Unusual bargains offered by the merchants in their "Dollar Days" advertisements in the Antioch News, and considerable and fairly widespread advance publicity were among the factors credited for the success of the big sale. Good weather prevailing during the two days was also given credit.

That the consumer good-will aims of "Dollar Days" were amply realized, as shown by the favorable response on the part of the people of Antioch and surrounding communities, seems to be the general opinion of the Dollar Days advertisers.

Delegation from Winneconne Pays Visit To Antioch

Group of Townspeople Accompanies Team to Finn Benefit Game

About 50 residents of Winneconne accompanied their basketball team to Antioch for a game with the local Lions' club team Friday evening. Many of the visitors remained for overnight stays after the game, which was held in the high school gymnasium and helped to realize a sizeable sum for the local Finnish relief fund. The delegation's visit was a courtesy return trip for a visit paid to Winneconne by a delegation of Antioch citizens last year.

Two over-time periods were needed to break ties resulting from the speedy play of both the teams.

Winneconne is Victor

At the final quarter, Antioch and Winneconne were tied, 34-34. A five-minute overtime period resulted in a 38-38 tie. Managers of the teams agreed that the first to score would be declared a winner, and Winneconne scored two minutes later. The Antioch team won last year.

An exhibition game between the St. Anne's and St. Mary's girls' teams of Waukegan, both among the high ranking teams of Lake county, was the preliminary attraction.

A reception for the Winneconne visitors followed the games.

Proceeds of the games were to be turned over by R. G. Holtz, Lions' club basketball manager, to Mayor George B. Bartlett, local Finnish relief chairman.

Kerosene, Electric Motor Figure in 2 Fire Calls

Two minor fire calls were put into the Antioch fire department this week. Wednesday morning the firemen were called to the residence of Nick Burnett, Lake street, where oil had overflowed or become spilled from a kerosene stove and had caught fire. No damage was done.

Tuesday morning at 11:17 the department was called to the home of James Craig, Bluff Lake road, where a defective electric motor in a water system had caught fire. Damage to the motor was estimated at about \$10 or \$15.

Mr. and Mrs. Arthur Andersen had as callers at their home Sunday Mr. and Mrs. Charles Anderson, the Charles Anderson Jr., and Oliver Anderson.

Postmaster Exams for 26 Candidates Set for February 24

Civil Service Commission Announces Quiz Date; To Be Held Here

Twenty-six aspirants to the office of Antioch postmaster, including the present postmaster, James F. Horan, who is a candidate to succeed himself, will take United States civil service examinations for the position here Feb. 24.

Applicants include:

Oliver R. Hughes, John L. Horan, E. Elmer Brook, William Sims Phillips, Raymond L. Burnett, Frank H. Willett, Norbert J. Pacini, Carl J. Pachay, Raymond E. Sorenson, Daniel E. Sheehan, James F. Horan, Miss Lillian M. Vykuta, Stanton M. Hazen, Jacob D. Drom, Theodore J. Palaske, Homer O. Winch, Hugh E. Hufendick, Willard J. Murphy, Emil R. Lubkeman, Alexander G. Hughes, Edwin O. Kapsa, H. Lisle Rogers, Charles Cermak, Jr., Richard F. Allner, R. G. Holtz, and G. Dudley Kennedy.

Roy I. Kufalk, who was originally a candidate, is barred from taking the examinations because of defective hearing.

Veterans Have Edge

Homer O. Winch and Edwin O. Kapsa have some advantage over the other applicants, for their applications for veterans' preference have been approved by the Civil Service Commission, and as a result the commission will automatically hike their examination ratings by five per cent.

Veterans' preference is given for service with one of Uncle Sam's armed forces.

The job pays \$2400 a year, and is good for life, with retirement at the age of 70 or after thirty years of service and substantial retirement pay.

City Council Fails to Have Quorum; It's First Time in Two Decades!

For the first time in Village President George B. Bartlett's career of 15 or 20 years as head of the Antioch village council, that body had to dismiss its regular meeting Tuesday evening for lack of a quorum.

One member of the council was attending a lumberman's convention, one is still vacationing in Florida, and a third was called to Kenosha Tuesday evening to attend a Red Cross meeting.

There have been times in the past, Mayor Bartlett observes, when it has been necessary to send out for one or two members in order to make sure of a quorum, but this is the first time in Antioch history for nearly two decades that a regular monthly meeting had to be dismissed.

The postponed meeting will probably be held next Thursday evening. A Red Cross demonstration here Monday night, a firemen's meeting Tuesday evening, and another affair Wednesday night make the Thursday date the most like one.

"There has been some talk of a 13-month year," says Village Clerk Roy L. Murrie. "What we need is an eight-day week so we can find enough evenings for all the activities going on in Antioch right now."

You're Invited to the

First Aid Demonstration

For some months, now, you've been reading of the achievements of Antioch's rescue squad—and if you'd like to see how this first aid work is done, now's your chance! Next Monday evening, Feb. 12, at 8 o'clock in Antioch High School gymnasium, the rescue squad will sponsor a public demonstration of the various phases of rescue and life saving work it is prepared to do.

There will be no admission charge of any kind, and people of nearby communities who may be interested, as well as Antioch folks, are invited.

Of special interest to people in the lakes region who are familiar with the fine rescue work the Kenosha County Red Cross rescue squad has done for several years, is the announcement that Captain Howard Gatley and Lieutenant Arthur LaCrosse will be here from Kenosha and will be featured in the program.

Antioch village officials will be present and the high school orchestra will play.

The program promises to contain valuable hints on first aid, particularly for parents of children, motorists, teachers—and just ordinary citizens who may happen to be present when an accident occurs. It is also expected to be unusually interesting.

You won't want to miss it!

Congratulations, Antioch Merchants!

Antioch has acquired something of a reputation as a town with the ability to "put things over the right way."

It is, therefore, not exactly an occasion for surprise that Antioch's "Dollar Days," staged as a good will and promotional gesture by local merchants on Friday and Saturday, should have been a fairly successful affair.

The volume of trade during the week-end compared favorably with that of the summer season, many of the stores reported. It was also an indication, some Antioch business leaders pointed out, of the value of the steady winter trade in this region—a resource sometimes neglected after the dazzlement of the easily-acquired but transient summer business.

Antioch is doubly blessed, keen-minded local business people have commented, in being located amid excellent farming territory—and in a region rich in summer and winter recreation resources.

Antioch merchants are to be congratulated for their co-operation in making the "Dollar Days" campaign a success, and for the fine bargains they offered. Antioch is known far and wide as "a friendly place" in which to visit or shop—and to Antioch business people goes a great deal of the credit for this reputation.

A Lesson in Americanism

Communist Leader Earl Browder has been sentenced to prison for four years for traveling under forged passports. He will have time, therefore, to ponder the important difference between the way things are done in the land of his origin—America—and the land he seems to think is so much better—Russia.

If the Red chief is a thoughtful man, he might well begin by pondering what would have happened to him if he had been a Russian in Moscow and had advocated that

the Soviet change over to a democratic government based on the American pattern. Granted he was given a trial at all, it would be a political show, in which he would be prosecuted for his democratic beliefs, and be "liquidated" within 24 hours.

The trial at which he was convicted in New York City recently was of a far different order. The jury was not concerned with the point that the defendant was a Communist; the prosecutor stuck closely to proof of the fact that Browder had used American Passports illegally—in other words, that he had abused his privilege of citizenship. This was the only ground upon which the man was convicted, and he was allowed to speak at great length in his own defense. Compared with Browder's oratorical flight and his claim of being "persecuted" for his political color, the summation of the case by the District Attorney is an object lesson in real Americanism and real justice. Here is what he had to say about Browder:

"He has made a mockery of everything we hold dear—the sacred right of passport by which the American citizen travels abroad with the protection of the United States government; the proofs of citizenship in birth certificates and naturalization papers that were tampered with so that this man could visit Moscow on passports in the names of others.

"Our country is not a laughing stock. It is not to be made a joke of, nor are its passport laws to be taken into Browder's abusive hands for reasons of his own selfish interests. The American people have a sense of humor, but the time has come to put a stop to this prostitution of the right of safe conduct abroad."

The Communist leader will have plenty of time to ponder the duties and obligations of American citizenship in the days that lie ahead.

The Village Movement

Back in the little town of Scarsdale, New York, a movement was recently started which is typically in the American tradition.

It is known as "The Village Movement," and is sponsored by a group of representative citizens of the community. Its purpose is to restore representative government and to let business expand and make more jobs. Its ten objectives include: To uphold the Constitutional division of power of the Federal government; to restore to the Federal government simplicity of form and economy of operation; to resist government encroachment upon legitimate business; to encourage agriculture and industry, and aid those in need through local machinery; to support labor in its right to work and bargain collectively; to foster all social improvements of reasonable character which the country can pay for, and to resist the coercive tactics of all pressure groups.

The underlying purpose of this movement is obvious—to impress the people and the local community with the traditions of the nation's founders. Few of us realize how far we have strayed from the principle of local self-rule. The independence and rights of local government have been lost little by little, almost without notice. And the result has been to create a gigantic and incredibly costly Federal bureaucracy which is inevitably opposed to the perpetuation of true democracy.

What these Scarsdale people have done, should be emulated in the widest possible scale by thousands of other communities of America. If we are to maintain democracy and sound and solvent government, there must be a resurgence of local responsibility, local independence, local effort to serve the industries, farmers and working people of the nation. Centralized government is the enemy of true representative government. And the Village Movement seems to be one possible cure for a trend which has gone farther than most of us know in saddling this country with the principles of totalitarianism.

A LOT LOWER PRICED THAN MOST PEOPLE THINK!

9 OUT OF 10

A recent national survey shows 9 out of 10 people think a Pontiac costs an average of \$100 more than it actually does in relation to lower-priced cars. Don't let this mistaken idea keep you from investigating Pontiac. Don't buy any low-priced car until you compare its price with a Pontiac. The slight difference will amaze you.

HERE'S WHY SO MANY THINK PONTIAC HIGHER PRICED THAN IT ACTUALLY IS!

BIG CAR DIMENSIONS AND APPEARANCE

At a few dollars to the price of the lowest priced cars and get a big Pontiac: 4 inches wider at front seat, 8 1/2 inches longer from bumper to bumper than last year!

THE "TRIPLE-CUSHIONED" RIDE

Do you get car weary on long trips? Get a Pontiac and relax. Pontiac's "Triple-Cushioned" ride is worth all the slight difference between Pontiac and lowest-priced cars.

EXQUISITE, WIDE-VISIONED INTERIORS

Ever wish your car were larger? Pay a few extra dollars and get a Pontiac. It's wider-seated, wider-shouldered with 11" Test Safety Plate Glass in all sedans.

THRILL PERFORMANCE

You only have to go to the first traffic light to sample the thrill performance in Pontiac's power-packed engine.

Social life:
Everything was going along nicely at the Modern Woodman initiation, with Lake Villa, Russell, Trevor and Bristol camps present, when Neighbor Ren. Johannott, who had come in late, startled the watchman by announcing that the ante-room was filled with ladies each desiring admission to the lodge. Peeking through the keyhole and catching the odor of brewed coffee, the watchman concluded that any fears he might have entertained were groundless, the initiation was briefly terminated, the new member congratulated, and the 20 Royal Neighbors were admitted in a body, with the honors of the camp. After the boys had got over their first surprise and adjusted their collar and brushed their hair, for be it confessed, the lords of creation, like their gentle sisters, when taken by surprise their first thought is, "Well, how do I look?" the ladies served a bountiful luncheon. If it is true that the way to a man's heart is through his stomach, the ladies certainly captured about 135 hearts on that occasion, even Wallace Rogers looking as smiling and happy as a little girl with a new doll. After all had eaten to their heart's content, the band struck up "Annie Rooney" or some other dance tune. Later a party of young people who had been out to a surprise came in and the dance was kept up until a late hour.

On Thursday of last week, Feb. 1, 1900, at the home of the bride's parents, Mr. and Mrs. A. P. Little, of Grass Lake, occurred the marriage of two of their daughters, the Misses Alma and Orpha Little, to Frank and Robert Runyard, two brothers, they being the second and third of the Runyard boys to marry into the Little family. The News extends hearty congratulations and best wishes.
Word from the Paris exposition, which will be held on the Champs de Mars and directly opposite the Eiffel tower, states that a large allegorical group in arc and incandescent lights will symbolize in brilliant colors the "Genius of Electricity," presiding genius of the fair.

A runaway freight car loaded with cinders dashed down the side track onto the yards of the Cyclone plant in North Chicago, caused thousands of dollars damage to the building and wrecked a new traveling crane for the galvanizing department. Several men and teams narrowly escaped serious or fatal injuries. The operator on the crane took one look at his wrecked machine, put on his coat and left for Chicago. It is estimated the machine cannot be replaced inside of 90 days.

Included in the program given by the juveniles were two piano solos by Jane Nelson of Antioch.

Favors were distributed to the juveniles and refreshments were served after the program.

Hilda Farr, Poetess, Heard by Woman's Club

Readings from her poems were given by Hilda Farr, author of "Dreams for Sale," before the Antioch Woman's club Monday afternoon in the home of Mrs. D. N. Deering.

Some of the poems read by Mrs. Farr had appeared in her book, and others had been published in the "Wake of the News" column of a Chicago newspaper and in other periodicals.

Mrs. Farr had a pleasing stage appearance and her poems were read in an appealing manner.

Refreshments were served by the hostess committee, consisting of Mrs. Deering, Mrs. H. B. Gaston (substituting for Mrs. Thomas Hunt), Mrs. Harry Hand and Mrs. Lester Osmond.

MUSICAL PROGRAM IS ENJOYED BY BUSINESS CLUB

Group singing by Antioch grade school children; accordion selections; and piano solos by Glenn Childers figured in the program at a meeting of the Business and Professional Women's club Monday evening in the grade school.

Wedding of 3 "Runyard Boys," Cousin, and 4 "Little Sisters" Recalled

Recalling the double wedding of two brothers, Frank and Robert Runyard, and two sisters, Alma and Orpha Little, 40 years ago February 1 at Grass Lake, was the surprise party held in honor of the Robert Runyards last Thursday evening at their home.

Twenty-five of their friends assembled for the party, at which five hundred was played and refreshments served.

Another of the Runyard brothers, Will, also married one of the Little sisters, Mary, about 41 or 42 years ago.

That wasn't all. A first cousin of the Runyard youths, Charles, who lived across the street from them, married still another of the "Little girls," Jessie Little.

It couldn't have been a case of "pro-pinquity working wonders," either, members of the two families proudly point out, for the Runyards lived at Trevor, and the Little family at Grass Lake.

The Runyard boys did their courting via bicycle, a round trip of 18 or 20 miles being necessary for each date, it is recalled.

Mrs. Robert Runyard also used to recount mirthfully to members of her family how friends of the two young couples participating in the double wedding sang about the "Two Little Girls in Blue" at the reception.

Casting something of a shadow of anxiety over the anniversary observance is the illness of Robert Runyard, who is at Victory Memorial hospital in Waukegan. Mr. Runyard was ill with a sore throat the latter part of last week. On Sunday pneumonia developed and he was removed to the hospital. He is reported to be improving this week, but is said to be still seriously ill.

The Will Runyards are still living in Antioch. The Charles Runyards live at Trevor. Orpha, wife of Frank Runyard, died several years ago. Her husband, who later re-married, is an Antioch resident.

Northern Florists Feel Effects Of Southern Frosts

Antioch Greenhouse Is Kept Busy Filling Orders for Flowers

The damaging frosts which struck the southern states during past weeks are reflected now in a shortage of cut flowers in northern florists' shops, according to S. E. Pollock, Antioch greenhouse operator.

"We are hardly able to grow flowers fast enough to meet the demand," Mr. Pollock states. "Our volume of business during the first five weeks of this year was double that for the first five weeks in 1939."

"Right now we are hoping for a lot of sunny weather to encourage our flowers to bloom more rapidly."

A "Crown of Thorns" plant about four feet high is being carefully nurtured these days by Pollock for later appearances at Easter and pre-Easter events.

The plant, spiny and cactus-like in appearance, is the subject of a pretty legend. Branches of a plant of this species are said to have been used to form the "crown of thorns" which was placed upon Christ's head.

At this season of the year, the "crown of thorns" plant, which is related to the Euphorbia family, loses most of its leaves and the grayish inch-long spines stand out clearly on the heavy stems.

Tiny scarlet blossoms at the ends of the stems are said to represent the drops of blood that fell from Christ's head.

Scouting Beckons All Boys

When the Boy Scouts of America celebrates its 30th birthday on Thursday, February 8, all of the 1,330,000 Scouts, Cubs and Scout leaders will re-dedicate themselves to the service motive which has characterized the Movement for three decades. Scouting offers adventure, fun and achievement—attractive to all boys—through the democratic life of the Scout Troop and Patrol, as essential ingredients in its character-influencing program for the boys of America. CONSERVATION CLUB DINNER DANCE IS BIG SUCCESS

The dinner-dance of the Grass Lake Conservation club held in Chicago Saturday evening was a tremendous success. During the dinner, Arthur Trieger of Antioch was surprised with a huge cake, to honor his birthday. After being serenaded by the orchestra's rendition of "Happy Birthday," it became Art's pleasant duty to cut 38 pieces of cake and he did a fine job. Afterwards

the crowd wended its way to the dance-floor, where the excellent music kept everyone on their toes until the wee hours of the morning.

A large number of local folks have been ill with bad colds and influenza during the past week. There was one day when only five children attended school.

Mr. and Mrs. Ray Pregenzer and son-in-law and daughter left Saturday for a vacation in Florida.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

THE PERILS OF REJECTING CHRIST

LESSON TEXT—Matthew 21:28-33.
GOLDEN TEXT—I am the way, the truth, and the life: no man cometh unto the Father, but by me.—John 14:6.

Fearlessly facing crucifixion within a few days, Jesus stood in the temple, there facing His bitter enemies and replying to their attacks in words such as no man ever spoke. He brought them face to face with the very essence of sin, which is the rejection of Christ. Their own words condemned them, but when they should have repented, they became embittered and hardened in their sin. Let no one who reads these lines follow their example, but if the Holy Spirit brings conviction, turn to Him in repentance and faith.

Every Sunday School lesson is of great importance, but possibly no lesson we shall ever have to teach will be as important as this one, for it deals very plainly with the awful peril of rejecting Christ. Eternal destiny depends upon the choices made in response to this lesson. Let every one of us study it and teach it with solemn earnestness.

I. Actions Speak Louder Than Words (vv. 28-32).

All church members, who have come into that relationship by smoothly spoken words of acceptance and devotion to Christ which then have not been lived out in the daily walk, may see themselves pictured in the son who courteously and glibly assured his father that he could depend on him, and then promptly went his own way. They will see that they need to repent and substitute real heart-moving and life-changing action for their words, lest the harlots and publicans pass them and go into heaven before them. Professing church member without any evidence of God's power in your life, turn to Him now!

Note the word of encouragement to repentant sinners. Perhaps someone who reads this paragraph has at some time rejected Christ and has since thought that he could not turn back, that it was too late for him to do the thing which his heart tells him to do even though his lips have spoken unkind words of rejection. Friend, consider the one who said, "I will not," but who did his father's will. Come to the Saviour now; you will find Him ready to receive you.

II. Selfish Unbelief Results in Christ-Rejection (vv. 33-41).

This parable clearly relates to the Israelites who had rejected the prophets sent to them by God and who were now about to kill His Son. The heartbreaking story of Israel's unbelief and rejection of Christ and the judgment which has been upon them all the years since then, is not something over which we should gloat, but rather something which should move us to tears and prayer for our Jewish friends. After all, are we any better than they? Are not the appalling majority of Gentiles walking in that same road of selfish unbelief which leads inevitably to the rejection of Christ?

No man or woman can go on selfishly taking the benefits of God, using them for self advantage or comfort, turning a deaf ear to the cries of God's messengers, and hope to have any ultimate result other than Christ-rejection. It is high time that thoughtless people who perhaps have no deliberate intention to be wicked or to turn Christ away, should awaken to the fact that they are doing just that by their manner of living.

III. Rejection of Christ Does Not Defeat God (vv. 42, 43).

At first glance one wonders why Christ at this point turned so abruptly from the figure of the vineyard to that of the cornerstone. "The reason why He leaves for a moment the image of the vineyard, is because of its inadequacy to set forth one important part of the truth which was needful to make the moral complete, namely this, that the malice of the Pharisees should not defeat the purpose of God—that the Son should yet be the heir—that not merely vengeance should be taken, but that He should take it. Now this is distinctly set forth by the rejected stone becoming the head of the corner, on which the builders stumbled and fell, and were broken—on which they were now already stumbling and falling, and which, if they set themselves against it to the end, would fall upon them and crush and destroy them utterly" (Trench).

God was not defeated by the crucifixion of Christ. Christ will not be defeated simply because men reject Him in the world. We who are on His side, we who are the followers of the Lord are on the victorious side. Those who oppose Him and speak ill of His name may appear to be victors for the moment, but the judgment of God is yet to come upon them.

Shipwrecks Missing

New Zealand has a shipwrecks society and no shipwrecks. It was disclosed by the Shipwrecks Relief society that money is accumulating in the bank for want of disaster. The society obtains its finances from the shipping companies and the harbor boards of this country, all of which make an annual contribution. Year by year the funds grow larger. Now they stand at \$80,000 and are safely invested. This has resulted in the society now receiving more than it spends. The position is regarded with satisfaction by local governments, it seems. Mayor Arthur H. Allen of Dunedin has said: "It is gratifying to know this money has been invested in gilt edged securities."

Is 'Real War' Coming at Last? Hitler's Speech Viewed as Signal For Bitter Drive Against Allies

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
Released by Western Newspaper Union

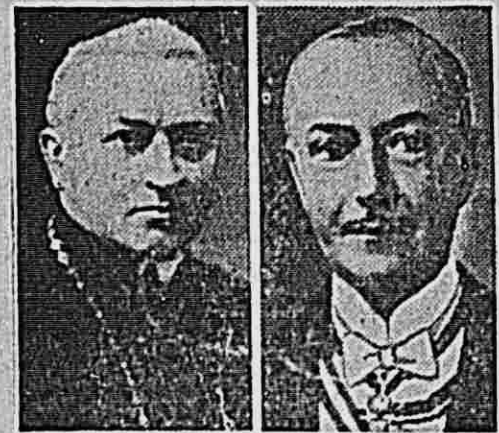

INTERNATIONAL:

Charge and Answer

The comments of a Catholic priest in late January seemed destined to touch off a one-two-three sequence that would lead Europe to a real war.

At the Vatican, August Cardinal Hlond reported that his primacy of Poland was the scene of mass shooting, religious persecution and other atrocities by Nazi Germany. Adding its two-bits worth, Poland-indeed charged from Paris that Germany had executed 16,000 Polish leaders.

These things, true or not, made Berlin downright mad, insulted and vengeful. Diego von Bergen, ambassador to the Holy See, protested

HLOND AND VON BERGEN
Did the Vatican start something?

In vain. German executives in Poland like Arthur Greiser, Arthur Seyss-Inquart and Hans Frank made speeches and gave interviews, the general theme being an admission of stern measures against "chauvinistic agitators" and sterner measures against Polish Jews. But atrocities were denied; all reprimands, they asserted, were designed to make everybody happy.

Adolf Hitler didn't bother to explain; he merely raved against his enemies. Occasion was the seventh anniversary of his rise to power. In his speech *Der Fuehrer*: (1) promised continued friendship with Italy and Russia; (2) tried to "pep up" Germany's war morale; (3) attacked Britain as usual; (4) attacked France, which was not usual; (5) announced the "real war" was about to start.

London interpreted the speech as a surrender of hope that the allies might somehow be able to win. It was a speech with indifference, a perverted because he spent more time polishing apples with Russia than with Italy.)

Western War

In Britain, where a cold wave and fuel shortage had made bigger news than the war, Adolf Hitler's declaration suddenly struck home. Waves of Nazi bombers swept down the coasts for the second consecutive day, destroying (according to Berlin) 19 ships. Just as France's Premier Daladier had warned a few hours earlier that total warfare would start soon, so did Britain's Neville Chamberlain indirectly hint at the same thing when he made a speech containing strong overtures toward neutrals like Japan and the U. S.

(Japan was still protesting British seizure of 21 Nazi sailors from a Japanese ship. But she had more serious troubles closer home. Russo-Japanese discussions broke down, indicating the Manchukuo-Mongolian war may start again soon. Also broken down was electric power. Reason: Fuel shortage.)

Northern War

In the Soviet-Finnish war, Russia's manpower and resources were being drained by defeat on five fronts. Helsinki estimated officially that 250,000 Red troops had been lost in

two months of fighting, in addition to unestimated tanks, horses, trucks and miscellaneous supplies. Finland's first major aerial offensive was assigned to Italian pilots flying Savoia-Marchetti bombers, who raided an unnamed Soviet naval base.

(In Moscow, Italy was warned against joining the Anglo-French war bloc. Likewise, Norway and Sweden were warned not to aid the Finns. Nevertheless every conceivable aid short of a declaration of war was being rushed from these countries. U. S. participation was evidenced by (1) assignment of American volunteers to a legionnaire unit, and (2) arrival in Norway of at least 11 American-made pursuit planes.)

The Balkans

In the Balkans where Rumania, Turkey, Greece and Yugoslavia met to plan a mutual defense bloc, dissatisfied Hungary opened a bitter press campaign for the return of Transylvania, ceded to Rumania after the World war.

CONGRESS:

Farm Fight

Sped through the house were drastic slashes in such items as postoffice, treasury, emergency defense and independent offices. Reason: Congress would tickle an economy-minded nation by avoiding new taxes or an increase in the national debt, thus safeguarding itself in an election year. In the senate appropriations committee there was mild balking at these economies, but they were destined to pass with minor adjustments.

But when congress struck the farm bill it found a hot potato. President Roosevelt asked \$783,929,519 in his budget, making no mention of the much-demanded \$225,000,000 for farm parity payments. Bluntly the house appropriations committee asked \$154,530,000 from the budget (\$72,678,000 for surplus commodities,

WALLACE AND JONES
The patient was half dead.

\$49,975,000 for sugar benefits, \$25,000,000 for farm tenancy loans) and sent it to the floor.

In the ensuing argument 1940's entire economy drive seemed destined to rise or fall. Secretary of Agriculture Wallace was highly critical. He asked for a permanent scheme of subsidies, pointing his argument by suspending the cotton export program. Next he hinted the house could expect "political reprisals" if it dealt too severely with the farmers.

Most incensed was Texas' Rep. Marvin Jones, who argued all afternoon after the appropriations committee presented the revised bill unexpectedly, giving the farm bloc no chance to prepare its defense. Said he: "It's pretty bad to perform that big an operation without letting us see the patient until he is half dead."

Falling in the house, farm leaders planned a fight in the senate to restore the cuts.

Also in congress:

Q The senate foreign relations committee heard Jesse Jones express doubt that private investors would subscribe to a Finnish bond issue, as suggested by Mississippi's Sen. Pat Harrison. Probable outcome: An Export-Import bank loan for non-military supplies.

Q House hearings: (1) Labor board committee, which heard NLRB defended by its chairman, Warren Madden; (2) ways and means, which discussed the reciprocal trade act. G. O. P. opponents of Secretary Hull, who fathered the act, dug back 11 years to prove he has changed his mind about tariffs. (Michigan's Senator Vandenberg introduced a bill providing for a foreign trade board to replace both congress and the administration in framing trade treaties.)

Q Michigan's Rep. Frank Hook inserted statements in the Congressional Record purporting to show that Texas' Rep. Martin ("un-Americanism") Dies had been in collusion with a fascist "Silver Shirt" leader. When Hook's informer admitted the charges were based on forged papers, the house demanded an apology.

Q President Roosevelt celebrated his fifty-eighth birthday by asking congress for \$7,500,000 to build 50 small-town hospitals as an experimental program to better the nation's health.

HEADLINERS

MERRY FAHRNEY (above), patent medicine heiress, was accused of love trysts with her first husband when she sought a divorce from her fourth, Count Oleg Cassini.

MRS. WILLIAM E. BORAH, thinking her late senator husband had been "poor," was surprised to find \$207,000 in his safety deposit box.

MARRINER S. ECCLES, spending-lending chairman of the federal reserve board, was reappointed by the President over opposition.

REP. JOSEPH MARTIN, G. O. P. house leader and dark horse presidential possibility, keynoted the Republican campaign at Topeka, Kan., by plumping for G. O. P.-sponsored neutrality.

ERNST VON STARHEMBERG, ex-vice chancellor of Austria, ex-leader of the Austrian heimwehr, was commissioned an infantry lieutenant in the French army.

FATHER CHARLES E. COUGHLIN, Detroit "radio priest," heard the justice department was not going to investigate him after all, despite a statement to that effect by the New York Jewish Peoples' committee, which charged him with anti-Semitism.

LAZARO CARDENAS, president of Mexico, announced flatly that further arbitration of expropriated British and American-owned oil lands is "impossible."

LABOR:

Convention's End

Denounced were President Roosevelt, Vice President Garner, Democratic hopeful Paul McNutt, Labor Secretary Frances Perkins, the Republican party and Democratic majorities in both houses of congress. Flayed was the National Labor Relations board and the house committee now investigating it. Tabled were 47 resolutions endorsing President Roosevelt for a third term. Handed to the omnipotent union executive board (whose powers remained uncurbed) was the right to endorse whatever Democratic presidential candidate it chooses, and to support him with union funds.

This done, John Lewis sent his United Mine Workers home from Columbus. They had served him well: They had given him an audience for his startling speech denouncing the President; an opportunity to launch his presidential campaign for Montana's Sen. Burton K. Wheeler; a carte blanche to ladle U. M. W. campaign funds into whatever coffer will best serve his purpose.

JUSTICE:

Anti-Trust Restraint

Since last autumn Trust Buster Thurman Arnold has secured indictments against 519 persons, 124 corporations, five trade associations and 34 labor unions, carrying on a popular campaign against combinations in restraint of trade. Considerably enlarged over last year, Arnold's division is operating on a \$1,300,000 budget but is still too small to prosecute all cases now scheduled.

When budget estimates were prepared last autumn he asked for \$2,208,000 for the 1940-41 fiscal year. Instead the budget bureau granted \$1,200,000—or \$100,000 less than Arnold's current appropriation. All efforts to get the fund increased have met with opposition in the economy-minded house appropriations committee, despite the fact that Arnold's division will probably collect \$6,000,000 in fines during the current year. Unless his fund is increased, observers believe the anti-trust campaign is apt to bog down.

PEOPLE:

'Glub'

In New York John Barrymore celebrated the Broadway opening of his play, "My Dear Children," with a night club party. When he found awaiting him both his daughter, Diana, and his estranged fourth wife, Elaine Barrie, he chose the latter. Stomping out angrily, Diana shouted denunciations on "that woman. When reporters asked Miss Barrie if this was a reconciliation, she answered: "Ask John." Said the Great Lover, swallowing from his cocktail glass: "Glub." It was good publicity.

PENSIONS:

3,700 Checks

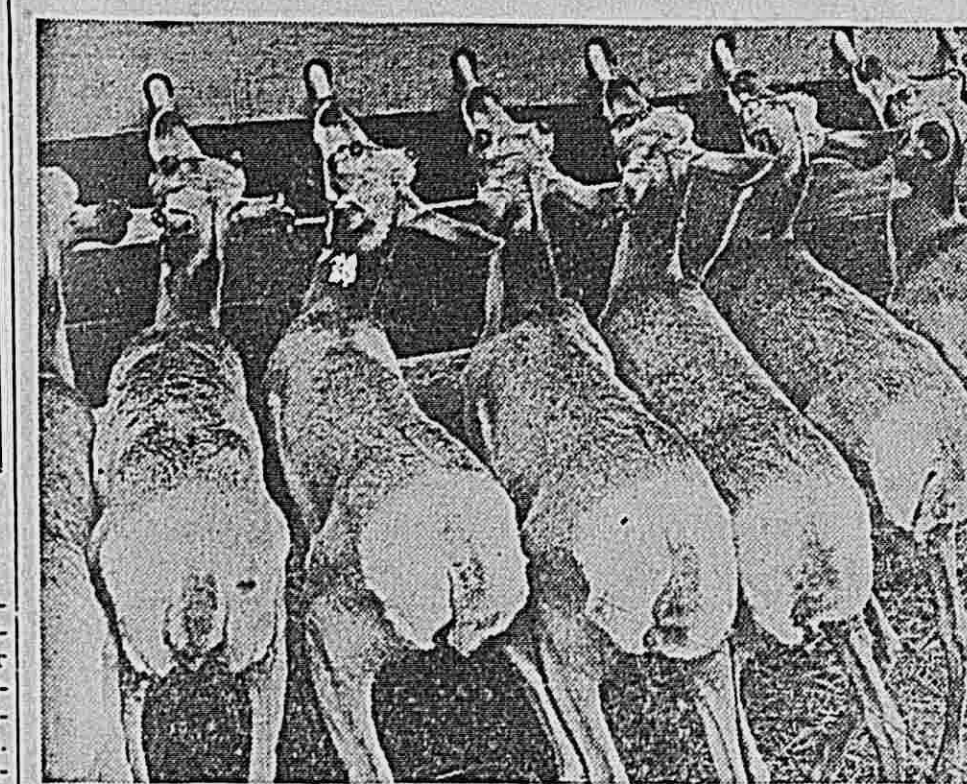

Mailed from Washington late last month were 3,700 checks to workers and their dependents in 48 states, constituting the first monthly benefits from U. S. old age insurance. Recipients: Wage earners over 65 who have retired, their wives, widows, children or dependent parents. Highest checks were \$42 for married couples 65 or over, though the average is \$49 for married couples and \$26 for unmarried workers.

Bankhead Pledges Support to Bankhead

Senator Lister Hill of Alabama pins a "Bankhead for President" button on the lapel of Senator John H. Bankhead, also of the cotton state. They are booming the senator's brother, Rep. William B. Bankhead, speaker of the house, for the Democratic nomination for President in the 1940 campaign. Senator Hill is Bankhead's campaign manager.

Bottle Babies Thrive on Milk Diet

These bottle-fed babies are perfectly content with a diet of milk, rolled oats and corn syrup. Captured in their Nevada homeland four months ago, the antelopes were turned over to the Washington state game department and are being kept on a secluded ranch near Portland. The black spots on their heads are the beginning of antlers.

Chas. S. Deneen, Former Illinois Governor, Dead

Funeral services are being held this afternoon in Chicago for former governor and United States senator, Charles S. Deneen, one of the most colorful Republican leaders in Illinois since the civil war. He died Monday of a heart attack at his home at 457 West 61st place. He was 76 years old. He is survived by his widow, a son and three daughters.

During his last term as governor in 1911 he refused to follow Theodore Roosevelt into a third term movement, and leaders of the Bull Moose party put State Senator Frank Funk of Bloomington into the gubernatorial contest in 1912. This resulted in the defeat of Deneen and the election of the late Edward F. Dunne as governor.

After practicing law in Chicago for the next 12 years he again entered politics and was elected U. S. Senator. After serving six years in the senate he was defeated for the Republican nomination by Mrs. Ruth Hanna McCormick, now the wife of former Congressman Albert Simms of New Mexico. Mrs. McCormick was snowed under in the November election by the late Senator James Hamilton Lewis.

After the defeat Deneen retired from the active political scene until a few weeks ago when he summoned his former followers to organize for the forthcoming primaries.

Mrs. Higgins of Wilmot Passes

Wife of George Higgins,
Born in Salem Twp.,
Dies, Aged 60

The people of Wilmot community were shocked and saddened Saturday evening by the sudden death, following a short illness, of Mrs. Florence E. Higgins, 60, a life long resident of the vicinity.

She was born in Salem township on April 22, 1879, the daughter of the late Lathrop and Emma Hoffman Udell. She spent her lifetime in Salem township and was educated at Trevor, later attending the public schools of Wilmot.

On Feb. 1905, she was united in marriage to George W. Higgins. She was a member and active worker in the Wilmot Methodist church for

many years.

She is survived by her husband and by one nephew, Kermit Shreck of Trevor, and one niece, Mrs. Alvin Moran of Liberty Corners. She is also survived by one aunt, Mrs. Harry Mathewson of Forest Park, Ill. Mrs. Higgins was preceded in death by her daughter, Geraldine Mae, on December 2, 1936, and by her sister, Mrs. Mae Udell Schreck, in December of 1909.

The Rev. E. Kistler of Salem conducted the services. Mrs. L. McVicar and Mrs. Orville Riggs of Salem, sang.

The body was at the Hansen funeral home in Kenosha until Tuesday morning when it was taken to the Wilmot Methodist church to lie in state from noon until the time of the services at two o'clock, interment following in the family plot in the Wilmot cemetery.

Pallbearers were John Mutz and Edward Mutz of Trevor, Stanley Stoen, Bassett, Eric Hansen, Silver Lake, John Evans and Cornelius Cook from Salem.

Bogda, Miller Win Skating Trophies in Open Meet at Chicago

Grand slams by Lowell Miller of the C. Y. O. and Elaine Bogda of the Northwest skating club won them the Western Open speed skating championships Sunday afternoon in the George Barrett athletic club's annual derby in Douglas park, Chicago.

Ralph Lehnhardt of the George Barrett club and Don Schillme of Tilden tied for intermediate honors with 40 points each and will have to toss for the title trophy when the prizes are presented. Miller, in taking the men's title won the 220 yard dash, three-quarter mile and two miler, while Elaine Bogda, 1937 Women's Tribune Silver Skates winner, took both the 440 yards and three-quarter mile on the snowy course in impressive style.

The speedy C. Y. O. team of green and white color bearers, showed most skill in the Gold Cup relay at a mile to beat out Tilden and Northwest, which was third. C. Y. O. also garnered the greatest number of points in the day's team standings with 430 markers against the Northwest skating club's 220. Elgin was third with 120, only ten points more than the Barrett Athletic club.

Miller showed superior speed in the 220 yard dash by getting out in front and pulling away at the finish, but in the three-quarters and two mile events he was pressed closely to win by scant margins. Miss Bogda came up fast in the back stretch in both her races to nose out her opposition.

Mrs. William Ward was elected and installed as president of the Antioch Parent-Teacher forum at a meeting held last night at the high school. Other officers installed for the current year were: William S. Phillips, vice president; Miss Lucille Slocum, secretary; Byron Patrick, treasurer; Miss Ina Leland, historian. Mrs. W. C. Petty was installing officer. Mrs. Ward succeeds Mrs. H. H. Perry as president.

In the election of officers the membership followed the recommendations of the nominating committee which was appointed several weeks ago.

County Superintendent of Schools W. C. Petty introduced the high school faculty members.

COMING HERE

Ray Scott, famed war correspondent and roving cameraman at Macai, China, en route to Hong Kong from Canton with 150 feet of film concealed in the bamboo pole. Scott will speak here March 4 under the auspices of the Antioch Business and Professional Women's club.

It may be we are fickle, but it's only a short while ago that we were getting tired of hearing about the "Three Little Fishes." And now, already, we are wearying of "Oh, Johnny."

The mail may be a lee-eetle slow; at times, but it finally gets there. An Antioch resident received, Tuesday, a letter mailed in November, 1938. It was forwarded from a Tucson, Ariz., resort, and the back of the envelope had evidently been used by some one en route and during some part of the delay, for figuring on. Said letter's non-appearance for so long, incidentally, caused a minor family commotion—as it was a notice on a payment due on an insurance policy. But that has all been settled long since, and what the letter's recipient is now wondering about, chiefly, is, where has it been all this time—and what the heck do those penciled figures on the envelope mean?

The season of spring hats is on us once again. Men, in general, have a standing and deeply-rooted antipathy to new styles in women's headgear, proclaiming that each season's fashions are wilder than last year's. Is it because the styles really are kind of nutty—we hate to encourage you to admit it, girls—or because men, as a group, are basically opposed to change and are conceded (by women) to be the world's worst stand-patters—or just because practically every new style means a brand new dig in papa's pocketbook?—We're wondering, and if you haven't anything better to do at the moment, we'll let you help us wonder.

What with quite a lot of folks getting colds, flu and pneumonia, maybe it would be a good idea for most of us to remember about wearing overcoats, overcoats and so on, these days. Just the old idea of the ounce of prevention saving a lot of wear and tear on the family's handkerchief supply. Of course, a good cold gives the new Christmas handkerchiefs a chance for a work-out.

Those Antioch firemen really do make pretty fast getaways to fires. Sometimes they even excel themselves. And thereby hangs a tale:

When Antioch Lions club basketball players and a large delegation of townspeople paid a visit to Winneconne, Wis., about a year ago, by a singular coincidence during the evening a fire alarm went off. There have been those who went so far as to imply that some of the Antioch visitors just MIGHT have been guilty. So-o-o, Friday night a large group from Winneconne accompanied the basketball team down here for an over-night stay, and—sometime during the eve-

ning a fire alarm was turned in. AND—it seems the alarm-turner-inners had to jump fast to keep from being run over by the Antioch fire truck as the fire station doors flew open and the truck roared out, instantaneous-like.

P. S. Chief "Jim" Stearns, a man of considerable foresight, had six men on the truck ready to start, the split-second any alarm came in. And the Antioch fire department still holds its record for fast get-aways.

Damages estimated at \$7,500 were caused by a fire, believed to have started from an over-heated chimney in the Chicago Restaurant on Washington street and an adjoining building Tuesday afternoon. A fire caused by oxidation of merchandise, and damage due to water from the automatic sprinkler system, caused an estimated loss of about \$7,500 also, at the Abbott Laboratories early Tuesday morning.

Leaders in the First Christian church, badly damaged recently by fire, have voted to wreck the remaining portion of the structure at Utica and Clayton streets and to start a campaign for a church re-building fund.

A fire attributed to Waukegan's pyromaniac caused damages of \$1,200 to the Temple Agudas Achem, Jewish Orthodox synagogue at 305 Lake street, Sunday at 1:30 a. m.
